DETAILED ACTION
EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ido Tuchman, Reg. No. 45,924 on 3/25/08.

The application has been amended as follows:

Applicant reserves the right to pursue canceled claims in one or more continuing applications. Please amend as follows:

Cancel claims 5,6,15,21,25 and 29.

Response to Pre-Appeal Brief Request for Review

2. The Request was received on 11/26/07. Claims 1,10-13,16,17,20,24,28 and 30 are pending.

Response to Arguments

3. Applicant's arguments, see the Request, pages 2-4 filed 11/26/07, with respect to the rejection of claim 1 under 103(a) have been fully considered and are persuasive. Therefore, the rejection has been withdrawn.

4. Applicant's arguments, see the Request, pages 5,6, with respect to the rejection of claim 10 under 103(a) have been fully considered and are persuasive. Therefore, the rejection has been withdrawn.

Allowable Subject Matter

5. Claims 1,10-13,16,17,20,24,28 and 30 are allowed.
6. The following is an examiner's statement of reasons for allowance:

Claim 16 is allowable because the prior art does not teach the claimed determining a left oblique direction to be an interpolation direction when the left oblique direction difference is smaller than a threshold and when a right oblique difference is greater than a threshold.

The closest prior art is Greggain et al. (US Patent 5,991,463) that teaches oblique differences as shown in by tables in column 6 and compares the differences to a threshold. However, Greggain consistently states that the differences are within a threshold of each other or one another and does not clearly state as claim 16 requires if the differences are greater or smaller than a threshold.

Claims 1 and 10 are allowable for the same reasons as claim 16. Thus, dependent claims 20, 24,11-13,28,17 and 30 are allowable for depending on an allowable respective parent claim 1 or 10 or 16.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
